

Recombinant Human YARS Protein Product Manual

1. Product Basic Information

Product No.: REP08670

Protein Name: Tyrosyl-Trna Synthetase 1 (YARS)

Aliases: tyrosyl-tRNA synthetase 1

UniProt ID: P54577

UniProt Link: <https://www.uniprot.org/uniprotkb/P54577/entry>

Species Source: Homo sapiens (Human)

Expression System: E.coli

Protein Length: Full Length of Mature Protein (2-528aa)

Molecular Weight: 86.0kDa

Protein Tag: N-terminal GST-tagged

2. Amino Acid Sequence (2-528aa)

3. Storage Buffer

Liquid Delivery Form: Tris/PBS-based buffer with 5%-50% glycerol. Custom glycerol content is available upon customer request (please specify requirements when placing orders).

Lyophilized Powder Delivery Form: Pre-lyophilization buffer is Tris/PBS-based buffer containing 6% Trehalose.

4. Storage Conditions

Upon receipt, store the product at -20°C or -80°C. It is recommended to aliquot the protein for multiple uses to avoid repeated freeze-thaw cycles, which may cause protein denaturation and activity loss.

5. Product Description

This product is a recombinant Human YARS full length of mature protein protein (2-528aa) expressed in E.coli. The protein is with GST tag at the N-terminus, which facilitates protein purification, detection and identification. YARS, also known as tyrosyl-tRNA synthetase 1, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.

6. Notes

- Repeated freezing and thawing of the product is strictly prohibited to ensure protein stability and biological activity.
- For special buffer component requirements, please submit a note when purchasing.
- This product is only for scientific research use, not for clinical diagnosis, treatment or commercial production purposes.
