5. Product Description

This product is a recombinant Human RPS23 full length of mature protein protein (2-143aa) expressed in E.coli. The protein is with 6xHis tag at the C-terminus, which facilitates protein purification, detection and identification. RPS23, also known as S23 or BTDD or uS12, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
