

Recombinant Human KLRC3 Protein Product Manual

1. Product Basic Information

Product No.: REP07301

Protein Name: Killer Cell Lectin Like Receptor C3 (KLRC3)

Aliases: NKG2E; killer cell lectin like receptor C3; NKG2-E type II integral membrane protein

UniProt ID: Q07444

UniProt Link: <https://www.uniprot.org/uniprotkb/Q07444/entry>

Species Source: Homo sapiens (Human)

Expression System: Yeast

Protein Length: Partial (94-240)

Molecular Weight:

Protein Tag: Tag type will be determined during the manufacturing process. The tag type will be determined during production process. If you have specified tag type, please tell us and we will develop the specified tag preferentially.

2. Amino Acid Sequence (94-240)

AMLHVRGLISDQCGSSRIIRRGFIMLTRVLNS

3. Storage Buffer

Liquid Delivery Form: Tris/PBS-based buffer with 5%-50% glycerol. Custom glycerol content is available upon customer request (please specify requirements when placing orders).

Lyophilized Powder Delivery Form: Pre-lyophilization buffer is Tris/PBS-based buffer containing 6% Trehalose.

4. Storage Conditions

Upon receipt, store the product at -20°C or -80°C. It is recommended to aliquot the

5. Product Description

This product is a recombinant Human KLRC3 partial protein (94-240) expressed in Yeast. KLRC3, also known as NKG2E or killer cell lectin like receptor C3 or NKG2-E type II integral membrane protein, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.

6. Notes

- Repeated freezing and thawing of the product is strictly prohibited to ensure protein stability and biological activity.
- For special buffer component requirements, please submit a note when purchasing.
- This product is only for scientific research use, not for clinical diagnosis, treatment or commercial production purposes.
