5. Product Description

This product is a recombinant Dog CSF3 full length protein (1-175aa) expressed in E.coli. The protein is with 6xHis-SUMO tag at the N-terminus, which facilitates protein purification, detection and identification. CSF3, also known as GCSF or CSF3OS or C17orf33, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
