5. Product Description

This product is a recombinant Human AHR partial protein (220-420aa) expressed in E.coli. The protein is with 10xHis tag at the N-terminus, which facilitates protein purification, detection and identification. AHR, also known as FVH3 or RP85 or bHLHe76, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
