5. Product Description

This product is a recombinant Bovine FBN1 partial protein (2732-2871aa) expressed in E.coli. The protein is with 6xHis tag at the N-terminus, which facilitates protein purification, detection and identification. FBN1, also known as FBN or SGS or WMS, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
