5. Product Description

This product is a recombinant Human RAB18 full length protein (1-206aa) expressed in E.coli. The protein is with GST tag at the N-terminus, which facilitates protein purification, detection and identification. RAB18, also known as WARBM3 or RAB18LI1 or RAB18 small GTPase, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
