5. Product Description

This product is a recombinant Human ZNF26 partial protein (335-533aa) expressed in E.coli. The protein is with 6xHis-SUMO tag at the N-terminus, which facilitates protein purification, detection and identification. ZNF26, also known as KOX20 or HEL-179 or zinc finger protein 26, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
