5. Product Description

This product is a recombinant Rat OCIAD1 full length protein (1-247aa) expressed in E.coli. The protein is dual-tagged with 10xHis tag at the N-terminus and Myc tag at the C-terminus, which facilitates protein purification, detection and identification. OCIAD1, also known as OCIA or ASRIJ or TPA018, is suitable for related in vitro functional assays, protein interaction studies, antibody preparation and other biomedical research applications.
