

Recombinant Mouse LEG10 Protein

For Research Use Only

1. Basic Product Information

Catalog No.: REP52172

Size: 10ug, 100ug

Protein Name: Galectin-10 (Gal-10) (Charcot-Leyden crystal protein homolog) (CLC)

Synonym: Clc, Clcp

UniProt ID: P97400

UniProt Link: www.uniprot.org/uniprotkb/P97400/entry

Species Source: Mouse

Expression System: HEK293T eukaryotic cell expression system Sequence

Length: 68 AA

Molecular Weight: 8 KD

Protein Tag: C-terminal His6

2. Amino Acid Sequence

EPYLQVDFHTEMKEDSDIAFHSRVYFGHWVVMNSRVNGAWQYEV TCHNMPFQDGKPFNLSISVPP
DKY

3. Buffer Composition

Liquid format: PBS-based buffer containing 50% glycerol. Glycerol concentration can be customized upon customer request; please state special requirements when placing your order.

Lyophilized format: Buffer before lyophilization is PBS supplemented with 6% trehalose.

4. Storage Conditions

Upon receipt, store the product at -20 °C or -80 °C. Aliquot the product for on-demand use to preserve protein activity and prevent denaturation and inactivation caused by repeated freeze-thaw cycles.

5. Product Description

This product is recombinant Galectin-10 (Gal-10) (Charcot-Leyden crystal protein homolog) (CLC) produced using the HEK293T eukaryotic cell expression system. It is suitable for in-vitro functional assays, protein-protein interaction studies, antibody preparation and other biomedical research applications.

Protein Function: Regulates immune responses through the recognition of cell-surface glycans. Essential for the anergy and suppressive function of CD25-positive regulatory T-cells (Treg) (By similarity).

Subcellular Localization: Cytoplasm, cytosol . Cytoplasmic granule . Note=Localized in granules from where it may be secreted or transported to other locations in the cell.

6. Notes

- Avoid repeated freeze-thaw cycles to maintain protein stability and biological activity.
- Please specify special buffer-composition requirements at the time of order placement.
- For research use only. Not intended for clinical diagnosis, therapeutic use or commercial manufacturing.
